Contract for Pick up of Used Motor Oils

This contract is made by and between Golden Eagle Oil Refinery, Inc. (hereinafter "The Company"), a Utah Corporation whose address is 1474 West 1500 South, Woods Cross, Utah 84087 and _____ (hereinafter "The Generator"), whose address is _____.

The Company shall provide services to pickup and transport used motor oils (the product) from The Generator. The Company will test the product for Chlorides. Provided the Chlorides are less than 1,000 ppm, the product will be loaded on The Companies truck and taken to Golden Eagle's facility located in Woods Cross, UT. The Company shall provide The Generator with a copy of all licenses, permits, and insurance requirements for The Company to be a "Utah Used Oil Transporter". Once The Company takes possession of the product, The Company takes over full responsibility of the product and releases The Generator of any responsibility for the product.

The Company agrees to leave a copy of its "Used Oil Transportation Manifest" (the manifest) which will show the location the product was collected from, the amount of product collected, and that the Chlorides were tested. The Generator agrees to sign the manifest for The Company as required by the rules and regulations of "The State of Utah".

The Company agrees to provide The Generator with payment for the product at the time these services are performed. The agreement between The Company and The Generator is for .85 per gallon for the product. *We will meet or beat our competitor's prices.*

This contract shall be in effect for a term of (24) twenty four months. This contract can be terminated at any time by either party with a (30) thirty day written notice. The Company has the right to change the price for the product with a written notice at least (30) thirty days prior to making any change.

This contract has been executed by duly authorized representatives of the parties and shall be effective as of the date of execution by The Company.
